Hi Mike,

I have been reading about the heart breaking situation on the Upper Animas. For many reasons, I am terribly sorry to hear of this tragic news. If there is anything that we can do to support EPA,

please don't hesitate to contact us. I hope that everyone can put their differences aside and work to find the best and most expeditious outcome.

On a happier note, I hope you had a good trip to California with your son. It will mean the world to him when he is an adult and can reflect on the time you two spent together.

Take care,
